Foreword

For over 160 years wind band clubs in Malta and Gozo have been a key element in the development of music education. They were instrumental in bringing masterpieces of great composers to several villages and town squares to be enjoyed by people who, otherwise, would not have been able to enjoy in the more expensive theatres. Through the years, band clubs were also key music educators, especially to children, through their schools of music. Many are the musicians who presently can boast of a musical career which kicked off from a local band club.

As times progressed, technology and educational standards have required band clubs to evolve to respond to the demands of our society. Qualifications, certifications and accreditations have become central, and society is constantly looking for opportunities to certify their knowledge and capabilities, whilst also having fun. We are also seeing a constant rise in popularity of the vocational approach of teaching and learning. Such approach involves students learning through doing, thus targeting the current industrial needs. This system fits perfectly the environment provided by the schools of music within the local band clubs.

Based on this idea, this prospectus gives an outline of the system that will be provided to the students at the "George Vella School of Music" within the *Għaqda Mużikali Marija Bambina, Banda Vittorja, Naxxar*. The aim of this system is to provide a holistic musical educational framework which will help students aim for quality. The formal course is six to seven years long, providing a strong basis of musical rudiments with application, qualified tutors to teach both the practical and theoretical aspects, and an apprenticeship period, thus giving students a complete experience to learning music. Moreover, the structure will enable students to get certified through a recognized English music college – the Trinity College of Music. Most importantly, the structure also allows for students to continue their musical studies at higher level with the possibility of targeting a musical career.

This is all embedded within the traditional ideology of a local band club: fees are kept at a minimum for accessibility to all, free loan of instruments is still provided and above all it nurtures the family and community feel, much needed today. We therefore invite you to join us to keep Maltese traditions alive by making good music together!

1. Our Classes

The school provides specialized tuition for the following instruments:

Woodwind: Flute, Clarinet, Saxophone

Brass: Trumpet, French Horn, Baritone, Euphonium, Trombone, Tuba

Percussion: Untuned and Tuned Percussion, Drumkit

Instrumental classes are complemented and supported by the school band and the youth band, both described on page 8. Attendance to these ensembles is compulsory. The framework that leads students to join our symphonic wind band is described in the next section.

The school also provides music theory lessons to enrolled students, Theory lessons are optional. However, one should note that music theory is an essential subject for students who intend to apply as students at the Malta Visual and Performing Arts school or who would like to take up music as a career.

2. Courses

Our school offers a carefully structured programme to guide students through every stage of their musical development. The Music Explorers Classes provide a fun and engaging introduction to music for our youngest learners, while the Core Framework builds solid foundations in theory, performance, and ensemble skills. For those wishing to pursue music at a higher level, our Level 6+ classes offer continued opportunities for growth, ensuring students can advance their studies and achieve their full potential.

2.1 Music Explorers

These sessions are designed to nurture creativity, confidence, and early musical understanding through fun, hands-on activities. Children will explore the elements of music—tempo, rhythm, melody, dynamics, and articulation—through games, singing, and movement, while also learning basic notation. They will practice performing simple rhythms and melodies, both individually and in groups, and even create their own musical ideas. Additionally, children will discover the families of wind band instruments—woodwind, brass, and percussion—through engaging activities and visits.

Each class is limited to eight children for individual attention, and a certificate of participation is awarded to students who attend at least 80% of the sessions.

These will consist of 45-minute individual lessons whereby students are prepared for practical Trinity College of London examinations, at Grade 6 level and upwards.

The fee of €10 per lesson should be paid in packages of 10 lessons directly to the respective tutors. Students are allowed and encouraged to participate in school activities which provide a performing platform. However, the fee does not include the services of an accompanist, internal assessments, or external examination fees. The students are responsible to engage their own accompanist for examinations and other performances.

Only students who have followed the core course with the *George Vella School of Music* can register for this class. Students who fail to attend band and youth band activities and events will be stopped from the Level 6+ classes.

3. Official School Ensembles

The School Band

All the students studying at Level 1 to 5 are required to attend weekly sessions with the school band. Through this ensemble, students are given their first experience of playing in a wind band, and guided on the attitude, behaviour, and techniques of playing with other fellow musicians.

The weekly 1-hour group session led by the school band tutor will consist of ensemble work, solfeggio sessions and other practical activities, leading to a concert at the end of the scholastic year. Moreover, the school band might also be involved in other events organized by the school.

Youth Band – Banda Żgħażagħ Vittorja

The Youth Band is made up of students at Level 3 upwards and alumni. Through this ensemble, students are trained in playing with a full wind band, through more rigorous rehearsals and more demanding music. Rehearsals will be held in preparation for specific events, and therefore, they are not regular sessions. The most important event of the youth band is the annual concert, which has been held regularly since 2003! The youth band is directed by the Assistant Music Director of the band.

Banda Vittorja – The Official Symphonic Wind Band

The Banda Vittorja is the core element of our society and our school. This symphonic wind band is currently directed by Mro. Roderick Bugeja. It performs marches and concerts in various events.

Level 4 students join the band as trainees and are presented as official band members. During the year they must play in the band during marches and regularly attend rehearsals that are held in preparation for concerts. At Level 5, students will be able to join the wind band during the main concerts, at the discretion of the band director.

V-Pop Fusion Band

This ensemble was setup to provide a different, more commercial setup and experience to students and alumni. In most cases, performances done by this ensemble are paid gigs. Students at Level 5 or upwards and alumni can join this ensemble if they are regular attendees to the various services and marches made by the official symphonic wind band throughout the year.

Those interested to join this ensemble should contact its director, who currently is Mr. Daniel Vella.

4.2 Obligations

Students with the school agree to the following conditions:

- Students are not allowed to give their musical service to other musical entities before finishing Level 4.

They should also give priority to the named band over other musical commitments that the student or alumnus/alumna might have.

Prospective students who are not willing to fulfil these obligations should reconsider their decision to enrol in the school. Students who do not abide by these obligations will be at once suspended from the school.

4.3 School Procedures

A scholastic year starts from January and ends in December, with a total of not less than 30 weekly lessons annually.

New students under the age of 10 will start their musical journey with the *Music Explorers* course. Students who are 10 years or over will start from the Introductory Level within the Core Framework unless equivalent certifications are presented at the time of application as highlighted in the prerequisites for each level.

4.3.1 Attendance

Students are required to attend all sessions pertaining to the level being followed. No exceptions will be made. Attendance will be recorded.

Automatic Dismissal - Students who miss three consecutive practical sessions or school band sessions are considered to have resigned from the course, unless a blue medical certificate is presented for the missed dates.

Attendance Percentage - Students who do not attend at least 70% of the required lessons, rehearsals, band services and concerts will not be allowed to sit for the annual assessments at the end of the year, and therefore will not progress to the next level. Students who do not attend the required percentage by the end of the year will not be allowed to register with the school the following scholastic year.

4.3.2 Commitment to Study

All the students attending the school should show commitment towards their studies and the society within which the school works. Students should prepare the requested work diligently and constantly to achieve the best results. A tutor may curtail the lesson if a student is found to not have prepared the assigned work diligently.

4.3.3 Assessments

Students will be assessed through a combination of continuous assessment and annual examinations, depending on their level of study.

1. Continuous Assessment (40% of the final mark)

Continuous assessment will be carried out jointly by the instrumental tutor and the school band director. It is designed to provide guidance for improvement while recognising students' achievements. The breakdown is as follows:

- School Band Participation – 15%
- Instrumental Class Assessment (effort, consistency, and attendance) – 15%
- Commitment and Responsibility (participation and attendance at band activities, rehearsals, and workshops) – 10%

2. Annual Assessment (60% of the final mark)

Held towards the end of the scholastic year, this practical live examination will assess the following:

- Two accompanied pieces – 25%
- One solo piece/study – 10%
- Technical work (e.g., scales, exercises) – 15%
- Sight-reading – 10%

Annual practical assessments are conducted for students from Level 1 to Level 5.

Introductory Level and Theory Classes

Students following the Introductory Level or theory classes are required to sit for a final written examination covering the syllabus of their respective level. No practical examination is required at this stage.

4.4 School Fees and Sponsorships

4.4.1 Annual School fee

All students following the introductory courses or the core framework as highlighted in section 2 are kindly requested an annual subsidized fee of €100[1]. The fee should be settled within one week of registration.

The fee will cover the following services and expenses:

- ✓ All lessons and activity sessions as highlighted in the Courses section.
- ✓ The organization of annual musical activities directly targeting students.
- ✓ The provision of an accompanist for preparation for the internal examinations, including two piano accompaniment rehearsals and accompaniment on the day of the practical internal examination.

The fee excludes:

- × Books required during the scholastic year.
- × Theory lessons, excluding the theory sessions provided to students following the *Introductory Level*.
- × Application fees and extra services (such as rehearsals with the piano accompanist) for external examinations.
- × Instrument loan deposit.
- × Workshops, masterclasses, and other activities that might be organized during the year.
- × The annual club membership fee.

The fee is important for the continued provision of quality musical tuition. However, the school is aware that social circumstances can make it difficult to honour any financial contributions. Given so, following communication, a prospective student can be exempted from the school fee.

Students following *Level 6+* classes are exempt from this fee.

[1] The society is investing over 90% percent of the total cost per year to provide this service at the highest standards possible.

4.4.2 Loan of Instruments

The school provides the service of instrument-loaning to students such that students are given the opportunity to experiment and experience their chosen instrument before incurring the actual expense of a new instrument. Students might be asked to return the instrument back to the school by the end of Level 2, whereupon the student will be expected to buy his/her own instrument.

During the period of the instrument loan, the student is responsible for the care and frequent services of the loaned instrument. All expenses made by the student in relation to general upkeep and/or maintenance and/or repairs during the loan-period should be paid in full by the student.

At the commencement of the loaning period, the student should pay a €50 deposit which will be returned in full at the end of the loan if the instrument is in good condition. If the instrument requires any repairs, the deposit will be kept by the school to be used to pay for such.

4.4.3 Lessons in Theory of Music

Theory lessons are not compulsory except for students following the *Introductory Level*. However, the school provides lessons in theory of music to help students who would like to take up music in a more professional direction.

Theory sessions will be delivered during weekly class sessions of 30 minutes and will follow the Trinity College of London syllabus. Theory lessons start in January and finish in October with an internal written, time-constraint assessment,

Students may opt to sit for the Trinity College London theory examinations held at the beginning of November. Such students will have extra lessons between the internal assessment and the actual external examination.

Students who wish to follow theory lessons should apply through the school website during the official registration period. The fee for this service is €50 and covers not less than 20 lessons. Students in the *Introduction Level* are exempt from this fee, as it is included in the annual fee.

Theory lessons are only provided to enrolled students at the George Vella School of Music. Classes are limited to not more than 5 students. Students will be accepted on a first come first served basis. However, priority will be given to students who have been attending theory classes regularly.

4.5 External Examinations

The school follows the syllabus provided by the Trinity College of London (TCL)[2]. Given so, the students who complete a given level can sit for the official grade provided by the highlighted college for the respective level in December.

If a student would like to sit for the relevant external examinations provided by the TCL, the student should inform the respective tutor at once. Students who choose to sit for these external examinations should

[2] http://www.trinitycollege.com/

pay the fees as requested by the college and supply the required personal information by a date that will be announced in due course.

Currently, examinations in practical subjects are being held in digital format. At the time of printing, digital examinations consist of a non-stop recording of the main pieces and scales and technical studies.

To give further support to students who choose to also sit for practical external examinations, the school will provide the Exam Support Package. This package will include the following:

GRADES	PACKAGE SERVICES	PRICE
GRADES 1 - 3	• 2 accompaniment sessions (in addition to the accompaniment sessions included in the annual school fee) • Accompaniment during the recording of the digital examination	€70
